CUSTOMER COMMENTS	LABORATORY COMMENTS

Submitting a Soil Sample

- 1 Use the lined paper bag provided by AgSource Laboratories for your samples.

Fill the provided bag to line. (about one cup of soil)

It is important to supply an adequate amount of sample to get a representative measurement. This also ensures that the laboratory has enough sample to run the standard tests, Quality Control, and requested duplicates.

- 2 Clearly label all bags and **fill out sample submission form completely.**

- 3 Ship samples directly to:
AgSource Laboratories
1701 Detroit Street
Ellsworth, IA 50075

If shipping cannot occur immediately and you are also requesting a Nitrate test, refrigerate your samples until they can be shipped to AgSource.

- 4 For expected turnaround time information please call our office at 515.836.4444.
