<b>COMPREHENSIVE</b>	Dry Matter, TKN, Phosphorus, Potassium, Sulfur, Calcium, Magnesium, Copper, Iron, Manganese, Sodium, Zinc, Ammonia, pH, Soluble Salts (EC)

## Submitting A Manure Sample

- ① Use the 1 pint plastic container provided by AgSource Laboratories for your samples. **Fill the container only 3/4 full.** Unapproved containers will not be accepted – no glass or beverage containers (Gatorade bottles, etc).
- ② Make sure container lid is secure and affixed properly.
- ③ Clean any sample from the outside of the container.
- ④ Clearly label all containers and fill out submittal forms completely.
- ⑤ Place the sample container in the plastic bag provided. Make sure the plastic bag is sealed correctly.
- ⑥ **Do not put the submittal form inside the plastic bag** in case of leakage.
- ⑦ Prior to shipping make sure sample is secure and well packed in shipping container.
- ⑧ If shipping cannot occur the same day it is recommended that samples be refrigerated or frozen until they can be shipped. Do not let manure samples sit in hot areas for any period of time.

### Ship to:

AgSource Laboratories  
 1701 Detroit Street  
 Ellsworth, IA 50075

- ⑨ Expect results within 5-7 business days.
